

## **Food Safety Specialist**

Focused on providing food safety solutions to the food processing industry, the Food Safety Division at Orchem Corporation specializes in building relationships through quality, innovation, and environmentally responsible cleaning solutions. Orchem Corporation is interested in talking to individuals with extensive sales/service experience in food sanitation chemicals that are pacesetters in their current position and have management aspirations.

The Food Safety Division of Orchem Corporation has an excellent career opportunity for an aggressive, high-energy food safety specialist. This position will be responsible for sales, service and promotion of value-added safety programs, including sanitation chemicals, to new and existing food processing customers.

### **Qualifications:**

- Bachelors Degree or equivalent food plant experience.
- 3-5 years sales, service, or supervisory experience in food sanitation or food industry.
- Food safety or sanitation chemical sales experience preferred.
- Familiar with GMP's, C.I.P., SSOP's, HACCP, USDA and AIB.
- Capable of training employees on proper chemical handling & cleaning procedures.
- Mechanical aptitude highly desirable.
- Must possess excellent communication, organizational, and interpersonal skills.
- Flexibility to adapt and adjust your schedule based on customer priorities.
- Computer literate.
- Willing to travel overnight and service customers on third shift.
- Ability to work independently.
- Multi-task oriented.
- Desire to succeed in highly competitive market.

### **Additional Job Requirements**

- Only applicants with previous food safety sanitation chemical experience or food processing/manufacturing experience will be considered or contacted.
- No Restaurant or Hospitality Industry, please.

### **Career Opportunity:**

Base salary - plus lucrative commission program.  
Company car or expenses/travel expenses provided.

### **Benefits Include:**

- Medical plan
- Paid holidays
- Paid vacation
- Life Insurance
- 401(k) plan
